

Print your own design using Bindomatic® Print On Demand covers. Print front only or front and back using a variety of digital printers. The spine-specific glue strips are packed separately in a bag. Simply peel and stick the glue strip in the spine before binding. All covers come with pre-scored hinges in front and back.

The standard version of Print On Demand covers are white matt non-coated paper quality (220 gsm). Also available in high gloss coated paper quality (210gsm)\*
