

Creasing Machine KSL 320

This creasing machine has been designed for the final processing of graphic materials up to SRA 3 paper size. The creasing machine KSL 320 can also be used to process paper with a special surface treatment, such as that laminated on both sides.

The creasing machine KSL 320 allows the easy folding of wedding cards, invitations, menus, annual reports, promotional materials, etc. The special features of this machine include its practical design, user-friendly operation, and working accuracy.

- Metal construction
- Side adjustment wheels for quick exchange of paper position
- Large desktop for formats up to SRA 3
- Fast exchange of creasing tool
- Simple setting of stop adjustment wheels
- Easy creasing with minimum use of power
- Ergonomic bar
- Easy to use
